

Are you ready to file your VAT returns online?

If you have been VAT registered for a number of years and have a turnover of less than £100,000 you may not be aware that you can file your VAT returns online rather than in paper format.

However, for accounting periods beginning on or after 1 April 2012 this will be changing; it will be mandatory to file your VAT returns online and make payment electronically.

Change can be scary, but at Stephen Penny & Partners we are big fans of the move to online filing, and we would be happy to share our experience with you and guide you through the process.

If you are a bit technophobic and don't want to file the return yourself, we can file your returns for you. We also have the facility to make electronic payments on your behalf if you don't know how to do it.

If you require more information, please contact the office on 01202 526522.
